

Hoe Nav Update gebruiken?

NAVIONICS[®]
Updates

Ga naar www.navionics.com en kies “Downloads & Updates” voor het programmeren van Nav+ en Nav Update

De eerste keer zal er een programma geïnstaleerd moeten worden. Maak in dit scherm de keuze wat voor een product u heeft. Voor **Nav+** en **Nav Update** kiest u links onder.

Voor alle **overige producten (28XG, 46XG etc.)** kiest u rechts onder.

Gold
Platinum+
HotMaps

[Click here](#)

[I don't remember what product I have.](#)

Dit scherm verschijnt alleen de eerste keer en installeert het benodigde programma.

Als uw Nav Update kaart in de kaartlezer zit herkend de computer deze en vraagt hij de stappen hieronder weergegeven te volgen.

1. Neem de NavUpdate uit de kaartlezer

Welcome!

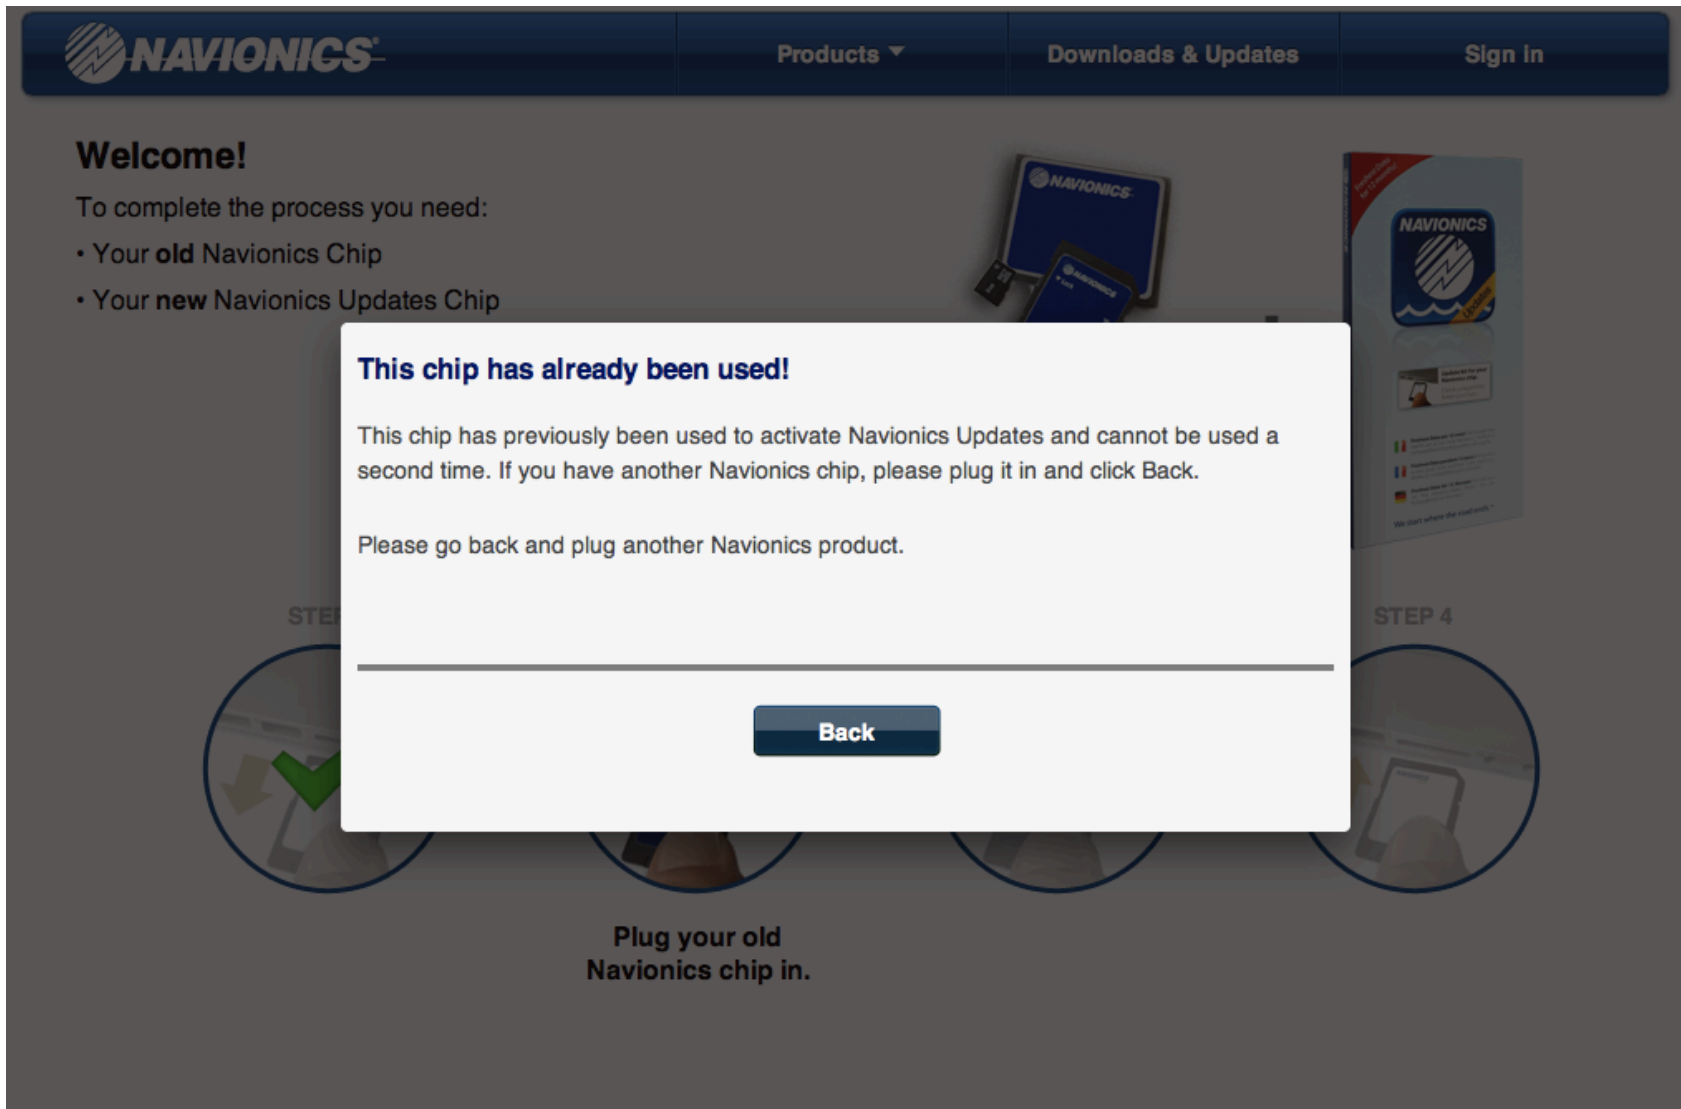

To complete the process you need:

- Your **old** Navionics Chip
- Your **new** Navionics Updates Chip

Unplug your
Navionics Updates
chip.

Mocht uw “oude” kaart al eerder gebruikt zijn dan verschijnt deze melding. U kunt nu Nav Update niet activeren!

The screenshot shows the Navionics website interface. At the top, there is a dark blue navigation bar with the Navionics logo on the left and three menu items: "Products", "Downloads & Updates", and "Sign in". Below the navigation bar, the main content area is dimmed. On the left, there is a "Welcome!" section with a list of requirements: "Your old Navionics Chip" and "Your new Navionics Updates Chip". In the center, a white modal dialog box is displayed with the following text: "This chip has already been used!", "This chip has previously been used to activate Navionics Updates and cannot be used a second time. If you have another Navionics chip, please plug it in and click Back.", and "Please go back and plug another Navionics product." Below the text is a dark blue button labeled "Back". The background shows a step-by-step process with circular icons and arrows, with the text "Plug your old Navionics chip in." visible at the bottom.

Welcome!

To complete the process you need:

- Your **old** Navionics Chip
- Your **new** Navionics Updates Chip

This chip has already been used!

This chip has previously been used to activate Navionics Updates and cannot be used a second time. If you have another Navionics chip, please plug it in and click Back.

Please go back and plug another Navionics product.

Back

STEP 1 STEP 2 STEP 3 STEP 4

Plug your old Navionics chip in.

De oude kaart kan er weer uit. De Nav Update module kan weer in de kaartlezer.

Welcome!

To complete the process you need:

- Your **old** Navionics Chip
- Your **new** Navionics Updates Chip

Unplug your old Navionics chip.

Dit is de bevestiging van de activatie.

Welcome!

To complete the process you need:

- Your **old** Navionics Chip
- Your **new** Navionics Updates Chip

Your Navionics Updates is now Active.

Click on Continue to download your new charts.

Continue

Kies “**Register**” als u nog **geen account** heeft bij Navionics. Heeft u wel een account kies dan “**Sign in**” en vul daar uw email adres in en gekozen wachtwoord.

Als u het wachtwoord bent vergeten kies dan “**Forgot your Password**”

Acknowledgements | Not to be used for navigation

No chart selected

De gekozen regio wordt dik gearceerd getoond en onder nogmaals aangetoond. Kies "Continue" als dit de juiste keuze is.

- 1 Sign in >
- 2 Your plotter >
- 3 Select area

Select one global region:

- US & Canada
- Caribbean & South America
- Europe**
- UK & Holland
- Denmark & Greenland
- Asia & Africa

You have selected: **Europe**

Continue

Een tweede bevestiging of de juiste regio de juiste keuze is. Als hier “**I agree**” gekozen wordt is de keuze definitief en kan niet meer gewijzigd worden!

The screenshot shows the Navionics website interface. At the top, there is a navigation bar with the Navionics logo, a 'Products' dropdown, 'Downloads & Updates', and a user email 'relou@navionics.it'. Below this is a breadcrumb trail: '1 Sign in > 2 Your plotter > 3 Select area'. The main content area is titled 'Select one global region:' and lists several regions with radio buttons: 'US & Canada', 'Caribbean & South America', 'Europe' (which is selected), 'UK & Holland', 'Denmark & Greenland', and 'Asia & Africa'. A map of Europe is visible in the background. A white modal dialog box is centered on the screen with the following text: 'Confirm your choice', 'You have selected: ■ Europe', 'The chip will be initialized permanently with the coverage selection you made.', and 'By clicking "I agree" below, you also accept our [End User License Agreement](#).' At the bottom of the dialog are two buttons: 'Cancel' and 'I agree'. At the bottom of the page, there is a 'Continue' button and a footer that reads 'You have selected: ■ Europe'.

Nu kan het gebied gekozen worden, binnen de regio, die gedownload kan worden. U kunt de zone, gemarkeerd met de vier pinnen, verplaatsen. Dat gemarkeerde gebied wordt gedownload. Verderop kunt u zien hoe u een tweede zone kan toevoegen (slide 10)

Not yet available for Apple OSX.

Drag the pins to select your download area. You may add on to this selection at any time.

NAVIONICS

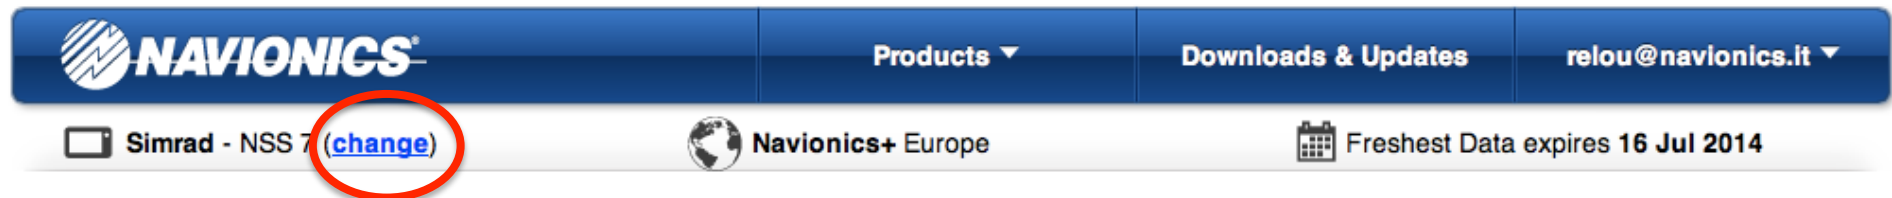

34 min. 406 MB used

Your selection is partially outside your coverage area. Only the data inside Europe will be downloaded.

Start

Belangrijk is het om het juiste plotter merk en type te selecteren waarin u de Navionics kaart gaat gebruiken.

In het voorbeeld is gekozen voor de Simrad NSS 7. Mocht u dit willen veranderen kies dan “[change](#)”.

The image shows a screenshot of the Navionics website's header and navigation bar. The top navigation bar is dark blue with the Navionics logo on the left, followed by menu items: "Products" with a dropdown arrow, "Downloads & Updates", and "relou@navionics.it" with a dropdown arrow. Below this is a white navigation bar with a mobile phone icon, the text "Simrad - NSS 7", a blue link labeled "(change)" circled in red, a globe icon, the text "Navionics+ Europe", a calendar icon, and the text "Freshest Data expires 16 Jul 2014".

Hier kunt u de plotter kiezen waarin u de Navionics kaart gaat gebruiken. Kies het merk en dan het type.

Nu is er de optie om het eerder gedownloade kaartgebied te updaten. U kunt de selectie vakjes bij “**SonarCharts**” en “**Community Edits**” aan of uit zetten en kies start. Voor het downloaden van een extra kaart gedeelte zie volgende slide.

The screenshot displays the Navionics website interface. At the top, there is a blue navigation bar with the Navionics logo, a 'Products' dropdown menu, a 'Downloads & Updates' dropdown menu, and the email address 'relou@navionics.it'. Below this, a status bar shows 'Simrad - NSS 7 (change)', 'Navionics+ Europe', and 'Freshest Data expires 4 Jun 2014'. The main content area is divided into two columns. The left column, titled 'Freshest Data:', contains a 'DOWNLOAD' section with 'UPDATE' and 'NEW AREA' buttons. Under 'UPDATE', there are three checked items: 'Nautical Charts (265 MB) Updates delivered daily', 'SonarCharts™ (106 MB) Learn more', and 'Community Edits (34 MB) Learn more'. Below this is an 'UPLOAD' section with an unchecked 'Sonar logs' item, which includes the text 'Share logs to SonarCharts™. Learn more' and 'Not yet available for Apple OSX.'. The right column features a map of Europe with a blue selection box around the British Isles and the North Sea region. The map includes labels for various countries and cities, as well as a scale bar for 500 km. At the bottom left, there are two progress indicators: a clock icon showing '34 min.' and a document icon showing '408 MB used'. A blue 'Start' button is located at the bottom right of the interface.

Het licht getinte gedeelte heb ik al gedownload en met het vierkantje kan ik een nieuw gebied kiezen en downloaden. Dit kan ik blijven herhalen tot dat de kaart vol is. Dit is te zien in de meter die aangeeft hoeveel data er gebruikt is (547MB).

The screenshot displays the Navionics website interface. At the top, there is a navigation bar with the Navionics logo, a 'Products' dropdown menu, a 'Downloads & Updates' section, and an email address 'relou@navionics.it'. Below this, a status bar shows 'Simrad - NSS 7 (change)', 'Navionics+ Europe', and 'Freshest Data expires 4 Jun 2014'. The main content area is titled 'Freshest Data:' and includes a 'DOWNLOAD' section with 'UPDATE' and 'NEW AREA' buttons. Under 'NEW AREA', there are three checked items: 'Nautical Charts (174 MB) Updates delivered daily', 'SonarCharts™ (14 MB) Learn more', and 'Community Edits (12 MB) Learn more'. An 'UPLOAD' section shows 'Sonar logs' with a red 'X' icon and the text 'Share logs to SonarCharts™. Learn more. Not yet available for Apple OSX.' The central part of the page is a map of Europe with a red circle highlighting a specific area in the Baltic Sea region. A blue arrow points from the text above to this highlighted area. At the bottom left, a data usage meter shows '17 min.' and '547 MB used', with the '547 MB used' part circled in red. A 'Start' button is located at the bottom right.
